The Honorable George M. White Architect of the Capitol

Dear Mr. White:

Subject: Examination of the United States Senate Restaurants Revolving Fund's Financial Statements for the Fiscal Years Ended September 25, 1982, and September 26, 1981 (GAO/AFMD-83-80)

This report summarizes the results of our examination of the United States Senate Restaurants Revolving Fund's financial statements for the fiscal years ended September 25, 1982, and September 26, 1981. We made our examination pursuant to section 5 of the act of July 6, 1961 (40 U.S.C. 174j-5).

We have examined the statement of assets, liabilities, and equity of the United States Senate Restaurants Revolving Fund as of September 25, 1982, and September 26, 1981, and the related statements of operations and changes in financial position for the years then ended. Our examinations were made in accordance with generally accepted government auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the financial statements referred to above present fairly the financial position of the United States Senate Restaurants Revolving Fund as of September 25, 1982, and September 26, 1981, and the results of its operations and the changes in its financial position for the years then ended, in conformity with generally accepted accounting principles and the financial accounting policies described in note 1 to the financial statements applied on a consistent basis.

Enclosures I and II contain our report on internal accounting controls and compliance with laws and regulations, and our comments

ENCLOSURE I ENCLOSURE 1

REPORT ON INTERNAL ACCOUNTING CONTROLS

AND COMPLIANCE WITH LAWS AND REGULATIONS

We have examined the financial statements of the United States Senate Restaurants Revolving Fund for the years ended September 25, 1982, and September 26, 1981. Our examinations were made in accordance with generally accepted government auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures, including tests of compliance with laws and regulations, as we considered necessary in the circumstances. This report pertains only to our study and evaluation of the system of internal accounting control, and our review of compliance with laws and regulations for the year ended September 25, 1982.

The Restaurants Revolving Fund is administered by the Senate Restaurants under the jurisdiction of the Architect of the Capitol. As part of our examination, we made a study and evaluation of the Architect of the Capitol's system of internal accounting control for the Senate Restaurants Revolving Fund to the extent we considered necessary to evaluate the system as required by generally accepted government auditing standards. The purpose of our study and evaluation was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the Senate Restaurants Revolving Fund's financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole or on any of the categories of controls identified below.

For the purpose of this report, we have classified the significant internal accounting controls in the following categories:

- -- Receipts
- -- Disbursements
- -- Receivables
- -- Inventories
- -- Payables

Our study included all of the control categories listed above.

The management of the Senate Restaurants Revolving Fund is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to

ENCLOSURE I ENCLOSURE I

permit the preparation of financial statements in accordance with generally accepted accounting principles and with the financial accounting policies described in note 1 to the financial statements.

Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation made for the limited purpose described in the second paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of the Senate Restaurants Revolving Fund taken as a whole or on any of the categories of controls identified in the third paragraph. However, our study and evaluation disclosed no condition that we believed to be a material weakness.

We reviewed the provisions of applicable laws and regulations to determine the material compliance requirements that may have a financial impact on the Senate Restaurants Revolving Fund's financial statements. In our opinion, the Senate Restaurants Revolving Fund complied with the provisions of applicable laws and regulations that could have materially affected the financial statements.

COMMENTS ON THE OPERATIONS OF THE

UNITED STATES SENATE RESTAURANTS

REVOLVING FUND

The Senate restaurants are operated primarily for Senators and employees of the Senate. The Architect of the Capitol, under the direction of the Senate Committee on Rules and Administration, is responsible for managing the restaurants.

Receipts from sales, commissions, and transfers from the appropriations for the contingent expenses of the Senate are used to finance the activities of the Senate Restaurants Revolving Fund. For the period ended September 25, 1982, sales receipts and commissions amounted to \$5,186,858. No funds were transferred from the appropriation for contingent expenses of the Senate during the year.

Overall, the Senate Restaurants Revolving Fund's operating losses decreased from an average of \$3,800 a month in the preceding period to \$545 a month in the period ended September 25, 1982. This resulted in a net operating loss of \$6,537 for the period ended September 25, 1982, compared with a net operating loss of \$45,596 for the preceding period. The decreased loss of \$39,059 can be attributed primarily to (1) a change from a loss of \$19,596 in fiscal 1981 to a profit of \$29,398 in fiscal 1982 cafeteria food operations and (2) an increase in income for 1982 of \$6,893 from snack bar operations. This net improvement of \$55,887 in cafeteria and snack bar operations was offset by a \$25,613 decrease in 1982 from carryout stand income.

A comparison of sales, commissions, and operating results for each of the restaurants' activities for 1982 and 1981 is presented as note 5 to the financial statements. Also, a statement of operations prepared by the Senate restaurants accounting staff for each of the restaurants' activities for fiscal 1982 is included as appendix A.

Funds appropriated to the Architect of the Capitol for Senate office buildings may be used to purchase restaurant equipment. The equipment is not recorded as assets of the Senate Restaurants Revolving Fund. Additional information on other restaurant costs paid from appropriated funds is contained in note 1 to the financial statements.
